MEMORANDUM FOR: Acting Director of Central Intelligence
FROM : SA/DCI/IA
SUBJECT : NSC Meeting on Poland

1. Following today's meeting with [] and the cancellation of the alternative energy topic, I have pulled together the following materials relative to the Polish debt and private sector initiative.

25X1

- Debt. Included is the paper which was used at both the 23 September IG meeting and at yesterday's SIG-IEP meeting. It essentially outlines the status of Polish indebtedness.
- Private Sector Initiative. Included is the paper prepared for the SIG meeting but which was sent back to the IG for further work. It is not clear whether the paper will be redrafted in time for tomorrow's meeting.
- Pipeline Update. DDI is preparing the latest information we have on European reactions and actions in light of our sanctions. Even though the alternative energy topic has been deleted, I have included the paper on US coal and the pipeline for your background reading.
- Internal Polish Situation. DDI is preparing also a set of talking points on the current internal situation focussing particularly on the potential for further unrest in light of indications that Solidarity will be outlawed.

2. For reference, I have included the MEMCONS from the preceding IG and SIG meetings.

3. Please let me know if there is anything else that you wish to have for tomorrow's meeting.
